

Adobe Presenter Course Outline

Duration: 1 Day

Related Courses:

Acrobat, Captivate, Connect,
Premiere Pro, Photoshop, Audition

Course Overview and Objectives

Participants will learn how to create HD video lectures for classroom teaching, distance learning, flipped learning and MOOC sessions. Turn your PowerPoint slides into interactive eLearning with out-of-the-box assets and quizzes. Track content consumption and learner performance with the built-in analytics dashboard or through integration with leading LMSs.

Pre-requisites:

An understanding computers and operating systems.

Analytics learner support

Use built-in analytics to track content consumption and identify learners who need course correction. Track learner performance real-time.
