## CS5.5 Design Course Outline

Duration: 5 Days

### Course Overview and Objectives

This course is tailored for existing users of Creative Suite Design Standard/Premium. It is aimed at users who have an intermediate understanding of Creative Suite irrespective of version. If you're a user of Creative Suite, this course is for you.

The content covered will also introduce you to powerful new features in CS5.5 as well as maximising workflow efficiencies.

This course is aimed at getting Creative Suite users up to date with the new features and high-level workflows to maximise efficiencies as quickly as possible. Content is aimed at high-end users who have Creative Suite software experience.

### Related Courses:

Photoshop, InDesign, Illustrator, Acrobat, DPS
